Both fiction and non-fiction are covered, spanning different genres (e.g. science fiction, fantasy, thrillers, romance) and types (e.g. novels, comics, essays, textbooks).

Chapter Concept Review Answers Environmental

The introductory chapter of the book also provides a brief introduction to scientific inquiry and the concept of environmental justice. The textbook's approach to environmental science is generally descriptive and qualitative, making the text in my opinion appropriate for a general education or liberal-arts based course.
