A: Answer Hi djts - This hood is designed for 12" cabinets and the Cabinet Spacer (JXS5055 sold separately) can be used when installing it in a 15" deep cabinet. For a 14" deep cabinet, this hood can be mounted forward without using the JXS5055, but there will just be a 2" gap in the back. If this is done, you will want to protect the underside of the cabinet in the back.

Keep your clothes wrinkle-free with this 7.2 cu. ft. GE electric dryer. It has two thermistors that monitor moisture levels to prevent overdrying and four heat cycles and four timed drying options to suit all types of loads. The drum of this GE electric dryer is constructed from an aluminized alloy to improve drying efficiency and resist corrosion.
